# NEW ADMINISTRATION MOVE IN STEEL STRIKE REPORTED

## SOVIETS CLAIM GREECE ISSUE PERILS PEACE

## United Nations Told British Troops are Contributing to Disorder in Country

## VERDICT IS DEMANDED

London, Feb. 1.—(P)—Russia told the United Nations today that British troops in Greece were endangering international peace, and Britain's foreign secretary Ernest Bevin immediately demanded that a security council give a "yes or no" verdict on the charge.

Russia, through Vice Commissar Andrei Vishinsky, argued for an order before the council that British forces were "contributing to disorder" in Greece. He said a "white terror" existed in that country, and said the Soviet Union demanded quick and unconditional withdrawal of the troops.

Bevin responded that the real danger to the peace of the world today was the "incessant propaganda from Moscow with no sign of friendship."

"This incessant suspicion is the danger," Bevin asserted. "I ask for a straight verdict—have we been endangering the peace?"

Opening the council's consideration of Russia's demand for action on the Greek situation, Soviet Vice-Commissar Andrei Vishinsky declared: "The horrors perpetrated today in Greece, the white terror, are widely known to everyone. It is not necessary to prove it here."

Vishinsky outlined four main allegations in Russia's case:

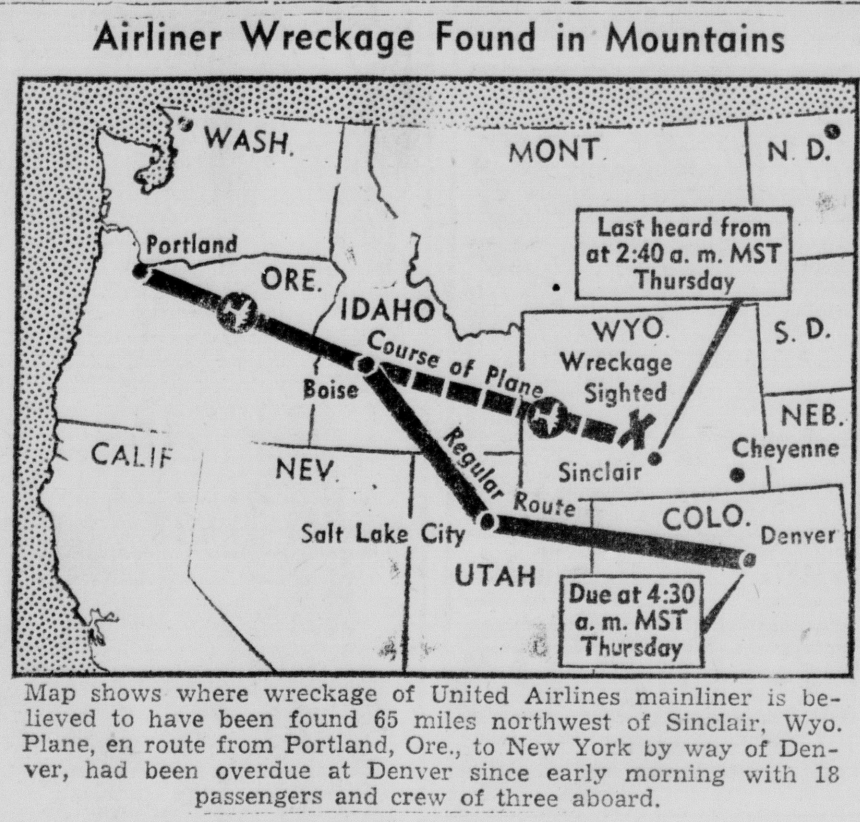

1. "A very tense situation in Greece" is endangering international peace and security.
2. The presence of British troops is unnecessary.
3. The presence of British troops in Greece is a means of political pressure on the country.
4. The troops serve as a means of support for reactionary elements.

He said he had received a telegram from Athens today reporting "a new outbreak of Fascist terror in Athens and on the plains outside the city during the last few days."

The telegram reported, he said, that bands of bandits broke up workers' meetings and were helped by police henchmen of the "fascist" (a monarchist group) with the use of machineguns. Many persons were said to have been killed and hundreds injured.

The Russian case already had been set forth briefly in a letter to the council, charging that British forces in war-wrecked Greece were threatening "the maintenance of peace and security" through interference in Greek internal affairs.

## Legion Demands An Inquiry Into Veterans' Administration

Washington, Feb. 1.—(P)—The American Legion called on congress today for an immediate investigation of a "tragic breakdown" in the Veterans Administration under General Omar N. Bradley, who took over as chief less than six months ago.

John Stelle, the Legion's national commander, made the "demand" for action in letters to all members of congress and said the lawmakers should see that their "mandates are no longer ignored by the Veterans Administration."

VA officials reserved comment on the letter, but Stelle's aides said its release was preceded by an anonymous telephone battle between Stelle and Bradley over major VA policies.

Stelle's letter to congress claimed an inquiry was warranted because:

1. Between 500,000 and 500,000 disability cases cannot receive proper compensation without undergoing physical examinations because of VA's failure to secure adequate medical records from the army and navy.
2. The hospitalization applications of more than 7,000 needy veterans await processing.
3. Thousands of army hospital beds are not being utilized at a time when VA hospitals are badly congested.
4. Unprocessed applications for education and training under the GI bill of rights total 102,839, in addition to 20,411 pending claims for insurance premium waivers, and 287,000 unanswered letters from veterans seeking information on various topics.
5. VA's "apparent failure" to procure enough competent personnel.

## Wilhelm Has Bid To Assist M'Arthur

Tokyo, Feb. 1.—(P)—General MacArthur today requested assignment to Japan of three additional experts to help Lewis J. Valentine, former New York police commissioner, establish fundamental policies of public safety.

MacArthur asked Secretary of War Patterson to approach James J. Malone, commissioner of public safety in Philadelphia; Cecil H. Wilhelm, Pennsylvania state police commissioner, and Herbert Smith, warden of Pennsylvania's Eastern State Penitentiary.

Specifically requested for work in headquarters legal division was "an outstanding authority on courts and criminal procedure, such as a judge of a common pleas court in a county of 1,000,000 population, or a state attorney general, or comparable federal agency."

In Harrisburg, Pa., Col. Wilhelm declined comment pending receipt of an official request from the war department.

## Emperor Stripped of His Command In New Constitution

Tokyo, Feb. 1.—(P)—The government has drafted tentatively a constitution stripping the emperor of his military command but affirming that Japan shall retain its throne, the newspaper Mainichi said today.

Chief Cabinet Secretary Wataru Hatashii denied, however, that constitutional revision published by Mainichi was the one the government was considering. Mainichi's report might have been compiled from references to material, he told Kyodo News agency, but "it is entirely separate from the one being decided by cabinet now."

In the text quoted by Mainichi was the clause "the emperor is sacred and inviolable." It was little other change, however, in the first four articles of the proposed draft:

## Rules of War Violated By Former Nazis

Nuernberg, Feb. 1.—(P)—The French prosecution gave an itemized account today of charges against the 22 former Nazi leaders on trial before the international military tribunal, and urged that all defendants be convicted of violating the rules of war.

French attorneys also asserted that the Nazi defense for living called for the Axis rule of all Europe and Africa, and the division of the world into four neatly packaged zones.

French Assistant Prosecutor Charles Dubost accused each of the defendants of either direct or indirect responsibility for assassinations and other inhuman acts.

He demanded the conviction of Hermann Goering, Wilhelm Keitel and Alfred Jodl for the seizure and execution of hostages.

Keitel, Jodl, Ernst Kaltenbrunner, Martin Bormann and Joachim von Ribbentrop for the slaughter of innocent civilians and for ordering the torture of prisoners.

## Conflict Over Basing of the Pacific Fleet

Washington, Feb. 1.—(P)—Pearl Harbor investigators today learned that a secret navy map dated Dec. 5, 1941, placed an American patrol vessel in the area from which the Japanese attacked Hawaii two days later.

Vice Admiral William W. Smith, who identified the chart locating the vessel, said it apparently was not shown at all on a ship location chart for the next day, Dec. 6. "It seems to have disappeared," he said.

Rep. Murphy (D-Pa.) demanded that the navy supply the name of the patrol vessel and a report of its movements between Dec. 5 and the attack on Dec. 7.

Washington, Feb. 1.—(P)—Vice Adm. William W. Smith told a senate-house inquiry committee today he does not believe the Japanese would have attacked the fleet in 1941 if it had been based on the Pacific coast.

The former chief of staff to Rear Adm. Husband E. Kimmel explained he thought that even the Japanese would have felt it was too risky to attempt to send a task force through waters where they might have been discovered by American merchant shipping.

The committee has heard testimony that President Roosevelt favored keeping the fleet based at Pearl Harbor in 1941 as a possible deterrent to Japanese offensive action.

Adm. J. O. Richardson, 1940 fleet commander, testified he wanted to move the ships back to the west coast, but failed to convince Mr. Roosevelt in a White House conference that this should be done.

Classing himself as "an amateur strategist," Smith said he thought the Japanese might have attempted to take Oahu or another of the Hawaiian Islands if the fleet had not been there.

## BOARD PRESIDENT DECLARES BUILDING OPERATIONS WILL START AS SOON AS POSSIBLE

"You have made history", said Chester S. Allen when called upon to say a few words to the workers in the Warren General Hospital building fund campaign at the closing report last night. The grand total of \$414,214.85 had been marked on the score-board just prior to Mr. Allen's remark. Continuing, he said: "Warren can truthfully say that never before has so much been raised by so few in a community the size of Warren for its hospital. I estimate over 6,000 people throughout the borough and county have not joined with us by contributing to the campaign, and they will be sorry they have not done so. There is still time for them to take part in this history-making effort by contributing to the campaign and adding to the magnificent total already reached."

Each division of the campaign finished in truly championship fashion, and Alan Templeton was kept busy with the chalk marking up the rising totals on the score-board. Totals reported last night were:

Commercial—T. L. Armstrong	8,760.00
Chain Stores—L. F. Morlock	1,827.00
Government and Schools—Judge Allison D. Wade	2,639.00
Residential—Mrs. E. G. Hamilton	5,989.00
Industrial and Advance Gifts—K. M. Andrews, B. V. Lesser, C. S. Allen	80,083.56
Borough total	99,298.56
County—T. H. Milenius	10,570.15
Total received last night	109,868.71
Previous total	304,346.14
GRAND TOTAL	\$414,214.85

General Chairman Eaton expressed his thanks to the workers for their loyalty and devotion to the big job they brought to a successful conclusion. He said it would be impossible to figure out any individual for special praise, as all had worked with an enthusiasm and zeal which were without equal. He stated that "now we have the money, we can begin work and the citizens of Warren can depend on the plans going forward at the earliest possible moment, with due regard to costs and ability to obtain materials. One thing is certain, and that is the money raised will be used for nothing but new buildings and equipment."

In closing, he said: "The new hospital will be something we have fought for, something we have built, and something that we and the whole community may be proud of. You did it."

Appreciation was expressed for the valuable aid given the campaign by the Warren Times-Mirror, whose columns have carried campaign news for weeks; to the YWCA for the use of the gym for meetings; to the Warren National Bank for office space; to the Boy Scouts for their hearty cooperation in distributing posters, and finally to all those who helped in any way with the largest campaign ever conducted in Warren.

## ELECTRIC WORKERS IN OHIO STILL DEBATE

Washington, Feb. 1.—(P)—Labor department efforts to avert a strike of electric power workers in Ohio centered today on a difference of one cent in wages.

The Ohio Power Company and the Ohio Edison Company reached a tentative agreement with the CIO Utility Workers to pay a 15-cent hourly increase. The union had demanded 20 cents.

But conferees said the union sought 16 cents from the Dayton Power and Light Company which offered 15.

Joseph Fisher, national president of the union, left the decision to local leaders who were due today for the final conferences.

## FUTURE ACTIVITIES OF GAP APPEAR UNCERTAIN

Indianapolis Gap, Feb. 1.—(P)—Although the Indianapolis Gap separation center will be discontinued March 1, military authorities had no information today on the disposition of the personnel center maintained for re-assignment of troops.

"So far as we know the regular post activities will continue to function indefinitely," the statement said. "These activities have been bolstered by the addition of a newly formed military police regiment here."

Troops scheduled for separation after March 1, however, will be diverted to other separation centers, the army's public relations office said.

## GIRL CHARGED WITH FRAUD BY SAILOR

Erie, Feb. 1.—(P)—Mrs. Charles Rottenberry, the former Alice Geimer of Erie, faces trial on a charge of fraud returned against her by the Erie grand jury yesterday, involving the \$1,165 savings of John Kaminski, ex-sailor of Syracuse, N. Y.

The state charged Kaminski met Miss Geimer two years ago and became engaged to her, then sent her money to build their "dream home" after the war. When the sailor returned home, the state alleged, he found his fiancée had married Pvt. Rottenberry and moved to Hartford, Ark.

## May Just As Well Dig In For Weekend of Snow

Pittsburgh, Feb. 1.—(P)—Regardless of the groundhog's performance tomorrow, the weatherman says western Pennsylvania can dig in for a weekend of snow and cold.

Lowest temperature in Pittsburgh this morning was 20, lowest tonight is expected to be 22. Tomorrow, weather bureau charts indicate, there will be snow flurries and colder temperatures.

About two inches of snow fell in parts of western Pennsylvania overnight.

## Pastor Is Held For Poisoning Of Daughter

Grand Rapids, Feb. 1.—(P)—The Rev. Frank W. Siple, pastor of a suburban church, today awaited circuit court trial on a murder charge in a seven-year-old slaying of his 17-year-old daughter, Dorothy Ann.

The 53-year-old pastor was arraigned yesterday in both justice and circuit courts, and pleaded guilty to the slaying on both appearances. Circuit Judge Leonard D. Verrier directed a sanity commission examination for the defendant before remanding him to jail.

Prosecutor Menso R. Bolt, who said Siple signed a confession yesterday, stated the minister admitted administering poison to Dorothy Ann "because she was mentally incompetent and I didn't want her sent to an asylum."

The pastor's confession was made, Bolt stated, after State Toxicologist Clarence Mudhberger reported his examination of the girl's exhumed body showed presence of the drug. Bolt declared he ordered the body exhumed and investigation conducted for "a number of reasons" which he declined to enumerate.

Before pleading guilty to his daughter's poisoning, Siple had been awaiting trial on an attempted murder charge in connection with an alleged attack with an iron pipe on Lyle Doan, an elder in the Southland Park Church of God where the defendant was pastor.

Doan told Bolt the incident occurred last New Year's eve, and the prosecutor added Siple was found a short time later overcome by illuminating gas in the basement of his home where gas jets were turned on.

## DRAKE WELL PROJECT

Titusville, Feb. 1.—(P)—Governor Edward Martin has accepted an invitation to speak here next June 5, at the dedication of the Drake well replica, Charles E. Stegner, president of the Drake well advisory board, announced.

Stegner said the ceremonies will mark the 88th anniversary of the drilling of the nation's first oil well here.

## Crawford Co. Has a Murder And Suicide

Meadville, Feb. 1.—(P)—Crawford county coroner Luther J. King described as murder and suicide the deaths of a man and woman slain in an apartment here yesterday.

The victims were Bell Beal, 56, former restaurant proprietor of New Bethlehem, Clarion county, and Lee R. Ackley, 54, of Franklin.

King said Ackley apparently killed the woman, after a quarrel, then fired a bullet into his brain, ending his own life. The woman had been beaten by a hammer, then choked with a necktie through which the handle of the hammer had been inserted to obtain leverage.

The coroner said Ackley left this addressed to a man identified only as "Ralph."

"Sorry, forgive me. I have \$1,020 in the Crawford Trust Co. Take care of my remains and use the rest to take care of mom's and your dad's grave at home."

With federal court approval, they were given a seven-year lease on the mining properties, with the option of buying at the end of the period for \$1,000,000.

## NEW OPERATORS TAKE OVER SHAWMUT PLANT

Pittsburgh, Feb. 1.—(P)—Three new operators today took over the Shawmut Mining Co. properties in Elk county, where miners were on strike last summer against what they called intolerable sanitary conditions.

The new operators are Charles Denby, Pittsburgh attorney; John A. Robertshaw, Greensburg industrialist, and W. U. Stetler, Jr., insurance man of Pittsburgh.

With federal court approval, they were given a seven-year lease on the mining properties, with the option of buying at the end of the period for \$1,000,000.

## PRESIDENT CALLS MEETINGS WITH FACT-FINDING BOARD AND PRICE ADMINISTRATOR

By the Associated Press

Reports that the administration was ready to step into the steel stalemate again with a new proposal gained impetus today when President Truman summoned the steel fact-finding board and Price Administrator Chester Bowles to the White House.

The fact-finding board was called to a 4 p. m. conference and an OPA official said Bowles had been asked to cut short a vacation in South Carolina and return to Washington immediately. Bowles was expected tonight or early tomorrow.

## G. O. P. Splits Over Control Legislation

Washington, Feb. 1.—(P)—Republicans fell out today over just how tough the house should make the sweeping new strike control legislation it hopes to pass in a matter of days.

There was cold comfort for the administration in that, for consideration of the bill represented a sharp setback. The house took it up in preference to an amendment version of the fact-finding measure asked by President Truman.

Some of the house GOP contingent said privately they believe the pending proposal of Rep. Case (R-SD) should be modified considerably, but other party members thought it would go through without much rewriting.

Republicans lined up almost solidly when the house voted 258 to 114 yesterday to give the Case measure immediate right of way. Only 15 Republicans were recorded against the move.

Later, however, several influential minority members announced they had supported the Case proposal only to insure speedy action to curb and help settle industrial strife.

Several disclosed privately they favor toning down the bill. They told reporters they thought the Case measure went too far in its provisions to permit injunctions against unions and to deny collective bargaining or re-employment to workers who boycott companies or picket violently.

Nevertheless, even majority leadership (Turn to Page Nine)

## Decision Expected Soon in Injunction

Pittsburgh, Feb. 1.—(P)—Common Pleas Judge Sara M. Soffel said she may give a decision today in the injunction suit of the Carnegie-Illinois Steel Corp., which seeks to limit the number of pickets the CIO-United Steelworkers may use at its Homestead works.

The U. S. Steel subsidiary filed the action after the USW Local 1937 issued an order eight days ago to bar supervisory and maintenance workers from the plant.

Carnegie-Illinois attorneys have charged "shoulder-to-shoulder picketing" prevented entrance of maintenance men necessary to prevent damage to the plant. They urged that pickets be limited to "no more than 10" at any company gate.

The case was considered important as a test of an amendment to the Pennsylvania 1937 strike anti-injunction act.

## SCHOOL PUPIL KILLED

Clearville, Feb. 1.—(P)—Ethel Louise Howsare, 10, was struck and killed by a truck yesterday. Bedford County coroner Vernon Seisel said the girl, who was walking home from school with five companions, apparently stepped in the path of the machine.

## MISSING MAN DEAD

Erie, Feb. 1.—(P)—Coon hunters found the body of Michael Parloff, 73, in a woods at Fairview yesterday. Coroner Y. W. Woods said the man, a resident of the Erie county home, disappeared a week ago and apparently froze to death the same night.

## General Picture of Effects Of Idleness in Steel Mills

Pittsburgh, Feb. 1.—(P)—Here is a general picture of the effects of the nationwide steel strike in some industries:

Automobiles—More than 20,000 laid off in Ford Motor Co. plants, including 5,000 assembly line workers furloughed yesterday at the firm's Rouge works in Michigan. Company spokesmen says additional layoffs will bring the total idle to 40,000 by Feb. 8. A. O. Smith Corp. at Milwaukee which makes auto frames lays off 600; says the entire plant, employing 7,000, will close if the strike continues 30 days.

Bituminous coal—About 8,200 miners idle in Pennsylvania, Alabama and Colorado, largely those digging coal for steel mills.

Railroads—Workers numbering about 6,000 idled, mostly on fuel-carrying lines around Pittsburgh. Some crews of Louisville & Nashville railways laid off in Alabama, and other parings of work crews at Memphis, Tenn., and Huntington, W. Va. railroad car building curtailed at some points.

Refrigerators—Serval, Inc., at Evansville, Ind., sends 950 workers home, says 1,000 others will be made idle next Thursday.

Agriculture—Oliver Corp. reports at Chicago it has laid off 5,200 workers. The company makes farm implements and tractors.

Miscellaneous—Some 15,000 idled by the steel strike in various trades and industries—Limestone workers in West Virginia, Ohio and Pennsylvania, tube makers in Michigan, drop forgings in Wisconsin, coil makers in Pennsylvania, and steel fabricators in various states.

The Clarendon Methodist church will dedicate its memorial to the boys of the church who have served in World War II on Sunday afternoon at 2:30 o'clock.

This memorial is a "Tower System" primarily for the amplification of sacred music from the belfry of the church. It consists of a Stromberg Carlson amplifier with two trumpet speakers in the tower and a smaller speaker in the sanctuary. ## Silver Star Posthumously Given Hero

The Silver Star decoration has been presented posthumously to Mrs. Janet K. Edmiston, of Clarendon, wife of Captain Elton A. Edmiston, who was killed in action on March 26, 1945, during the assault crossing of the Rhine River.

The citation read as follows: "Captain Edmiston distinguished himself by gallantry in action as Commanding Officer, Company 'B' 354th Infantry, on two occasions in Germany. On 16 March 1945 when Captain Edmiston's company received heavy enemy machine gun fire near Riel he took a squad of riflemen and boldly led them in silencing the hostile weapons. On 26 March, during the assault crossing of the Rhine River, Captain Edmiston voluntarily, at great risk to his life, went forward from his company's covered position and for eight hours assisted in the loading of personnel for the assault waves. When severe enemy fire disrupted launching operations, he moved from group to group, calming the men and inspiring them to push ahead in the crossing. As he was securing information in preparation for his company's crossing, he was killed by enemy 20mm fire. His leadership, orderly planning, personal example of courage, and devotion to duty served as an inspiration to the men of his entire battalion. His actions reflected great credit upon him and were in keeping with the best traditions of the armed forces of the United States."

The ceremony took place at the Warren recruiting station and the Silver Star was presented by Captain Grunzweig, commanding officer of the station.

## Opportunity For Everyone To Share In Hospital Campaign

Those of your fellow citizens who have had the responsibility of raising the \$400,000 for the Warren General Hospital building fund are deeply appreciative of the support given them by the thousands of subscribers.

But they want everybody in Warren county to share in this great campaign for their own benefit. You may not have been called on; you may have been when called on. This is your opportunity to fall in line. You may be one of those who will need hospital treatment, or it may be one of your dear ones. Or you may now be hale and hearty because of treatment afforded you at the hospital.

So, if you have not contributed, use the reprint of the pledge card below; send it to Campaign Headquarters, 510 Warren National Bank Building, Warren, Pennsylvania. Do it now and you'll feel better.

## Times Topics

**ROTARY SPEAKER**  
"Scouting Objectives" will be the topic for a talk to be given at Monday's luncheon-meeting of Rotary Club, scheduled at 12:45 p. m. at the YWCA activities building, with Frank Parker, new Boy Scout executive, as the speaker.

**PASTORS' MEETING**  
Judge Allison D. Wade will address the Warren County Ministerial Association on "The Moral Situation in Warren County" for the regular meeting of that group at 10:30 a. m. Monday at the Y. M. C. A. Following the regular session, members will be guests of the Sylvania Company for lunch.

**BOYS TAKEN HOME**  
George Thum and James Lundquist, two Sinclairville boys picked up by police early yesterday morning were taken to their homes yesterday afternoon by George Thum, father of one of the lads. The boys were quite contrite and returned to their home ready to return to school.

**SUCKERS ARE BITING**  
Suckers are really biting and taken from the cold water they are good eating, despite the bones. During the past week several large strings have been taken from the Conewango and one day two boys had a string of fish on a pole carried between them that won plenty of attention from passersby.

**REMODELING UNDER WAY**  
Workmen have been busy for several days past remodeling the store room in the Sons of Italy building where the Bevevino Electric Shop will be housed. The store room has been changed about and painters and decorators will be at work next week. New lighting and other new fixtures will be installed.

**POLICE PROBE CRASH**  
A minor crash was investigated by police yesterday when Sam Brindis, Hickory street shoe maker backed his car out of a garage and struck a delivery truck driven by Ronald Stover. Damage to both cars was about \$30. One drunk was picked up yesterday afternoon and one motorist crashed a "stop" sign. The usual twirling of door knobs was done by the coppers.

**MAKING GOOD TIME**  
Good time is being made in remodeling operations in the former writing room and the Brown block for the bar and cocktail lounge of the Carver House. Handsome tile floors have been laid and this week workmen set the new bar in the former writing room. Fixtures for the cocktail lounge have also arrived and it is expected that the new addition can be placed in use next month.

**FIREMEN ARE BUSY**  
Firemen at the Central station are having some busy hours due to the used clothing drive now under way. Many calls are made with the station wagon of the department to pickup bundles and boxes of garments. These are sorted by the firemen, shoes tied in pairs and the goods carefully packed after which they are removed to the headquarters in the former Bayer building.

## Co. Artificial Breeders To Hold Meeting

Directors of the Warren County Artificial Breeding Cooperative met January 24, at the home of Darrell Lay, Youngsville, to plan for the annual meeting on February 13.

The program for the annual meeting is being arranged by the Warren county Artificial Breeding Cooperative in cooperation with the Warren County Agricultural Extension Association which assisted farmers in setting up the county unit in artificial breeding less than a year ago.

Of the 1,800 cows enrolled by 230 member dairymen, approximately 1,300 have been bred artificially to date, officials report. A number of "test tube" calves have been born in the county as a result of this work. First to arrive were a pair of twins, bull and heifer, just before Christmas in the herd of Hubert Johnson, Lottsville.

Place of meeting for the county unit, affiliate of the Western Pennsylvania Artificial Breeding Cooperative, will be announced shortly by County Agent O. C. Tritt. The principal speaker for that occasion will be R. H. Olmstead, extension dairy specialist of the Pennsylvania State College, who assisted county farmers in setting up the local unit.

## Clothing Collection Centers To Be Open Through Saturday

The Victory Clothing Drive committee has been meeting with exceptional cooperation in Warren county this week. The contributions have been numerous and in good shape, the majority wrapped and many labelled. There should be a gratifying report to release next week.

Yesterday many people coming to the central collection center at 440 Pennsylvania avenue west inquired about how long the center would be open so they could get more articles ready. The center east of the Trinity Memorial church and the others in the post office, the courthouse, the fire stations and the Metzger-Wright Company store will be open through tomorrow.

The schools and churches reported generous donations yesterday. Masterson's Transfer Company trucks made the pickups from the borough schools and the State Highway Department trucks are covering the county today.

## Council Will Meet Monday First In 1946

Members of the Town Council will hold their first full session in 1946 on Monday evening, February 4. The meeting promises to be one of the busiest in months and a heavy grist of business will be ground out. President Patchen will officially announce his committees for the year, several positions will be filled after having been held over from the last meeting.

In addition bids will be received for a heavy grader for the street department, the budget for 1946 will be adopted and reports heard from several committees to which matters have been referred. One of these will be relative to the laying of a new switch from the New York Central railroad into the Warren Baking Company's plant.

And after all this business the Councilmen will have a peek at themselves on the silver screen. The moving picture "Local Government in Action" will be shown depicting scenes from all over the state. In this movie the Warren Town Council is the only legislative body shown at work.

#### HIP, HIP, HURRAH!

A milestone in the history of the county was reached last evening at the Y. W. C. A. when final reports were by solicitors in the drive for \$400,000 to enlarge and equip the Warren General Hospital into a modern institution, showed that when all contributions are received and totalled the goal will have been exceeded by a considerable sum.

Announcement that the fund had been oversubscribed was greeted with the most spontaneous outburst that has ever been witnessed in the long record of successful drives in the community.

Never before in Warren county has a group of inspired citizens gone forth to raise a fund of such magnitude. There have been other drives such as the one in 1918 to raise \$132,000 for the Red Cross, the War Fund campaigns and those for the Community Chest, but this was the first time that people of the county had been asked to subscribe in one drive for a strictly local project the sum of \$400,000.

That small group of progressive citizens, including the board of directors of the hospital, set out with a determination that was certain to spell success. Modestly they insist that the stupendous goal was accomplished because of the whole-hearted support they received from an understanding and generous-hearted community.

The successful conclusion of the drive manifests a deep and abiding confidence on the part of the people of Warren county in the hospital, the board that directs its affairs, the management, and staff of doctors and nurses, coupled with a realization of the future requirements of the institution.

It was a colossal achievement, especially for a county the size of Warren. Taking little credit for themselves the unassuming officers and directors along with those public-spirited business men who joined with them in putting over the drive, are loud in praise for the fine manner in which everyone responded.

Our congratulations to those whose vision and enthusiasm furnished the inspiration for such a mighty accomplishment. Campaign officials, solicitors, contributors and all others who had any part in the project may point with pride today that they were privileged to have a part in the Hospital drive that will go down in the annals of the county as the greatest ever and one that perhaps will not be duplicated for many years to come.

#### HELP FROM THE INTERIOR

In spite of the Big Inch pipeline and the solid fuels shortage, the war seemed to perturb the Department of the Interior less than any other Washington bureau. While the world smoked and shook in bloody battle, Secretary Ickes stoutly denied that he was using the taxpayers' gasoline to peddle eggs. While the fateful Russian campaign swung back and forth, Interior Department scholars never failed to give the country a fresh, daily list of the proper pronunciation of Russian cities, towns, and rivers.

With hot indignation, Interior statisticians reveal that thousands of auks, murres and puffins were victims of war. "Unknown quantities of whales" perished in submarine warfare. During the Pacific fighting, the Laysan Island rail and the Laysan Island finch may have passed into extinction.

We are sorry to hear this. But it may be that the cause of world peace may have enlisted another militant champion as a result. Mr. Ickes' oratory won't bring back the Laysan Island rail. But we'll bet it would make any ambitious war lord think twice.

Lewis C. Jamieson, who passed away early yesterday morning, was one of Warren's most active business men and civic leaders, until ill health forced his retirement over two years ago. Gifted with a pleasant manner and an amiable disposition, he made friends easily. "Lewie," as everyone knew him, had the sympathy of all his friends in his long illness. He was devoted to his family, his social and business associates and his native community. The city which knew him well will mourn his passing.

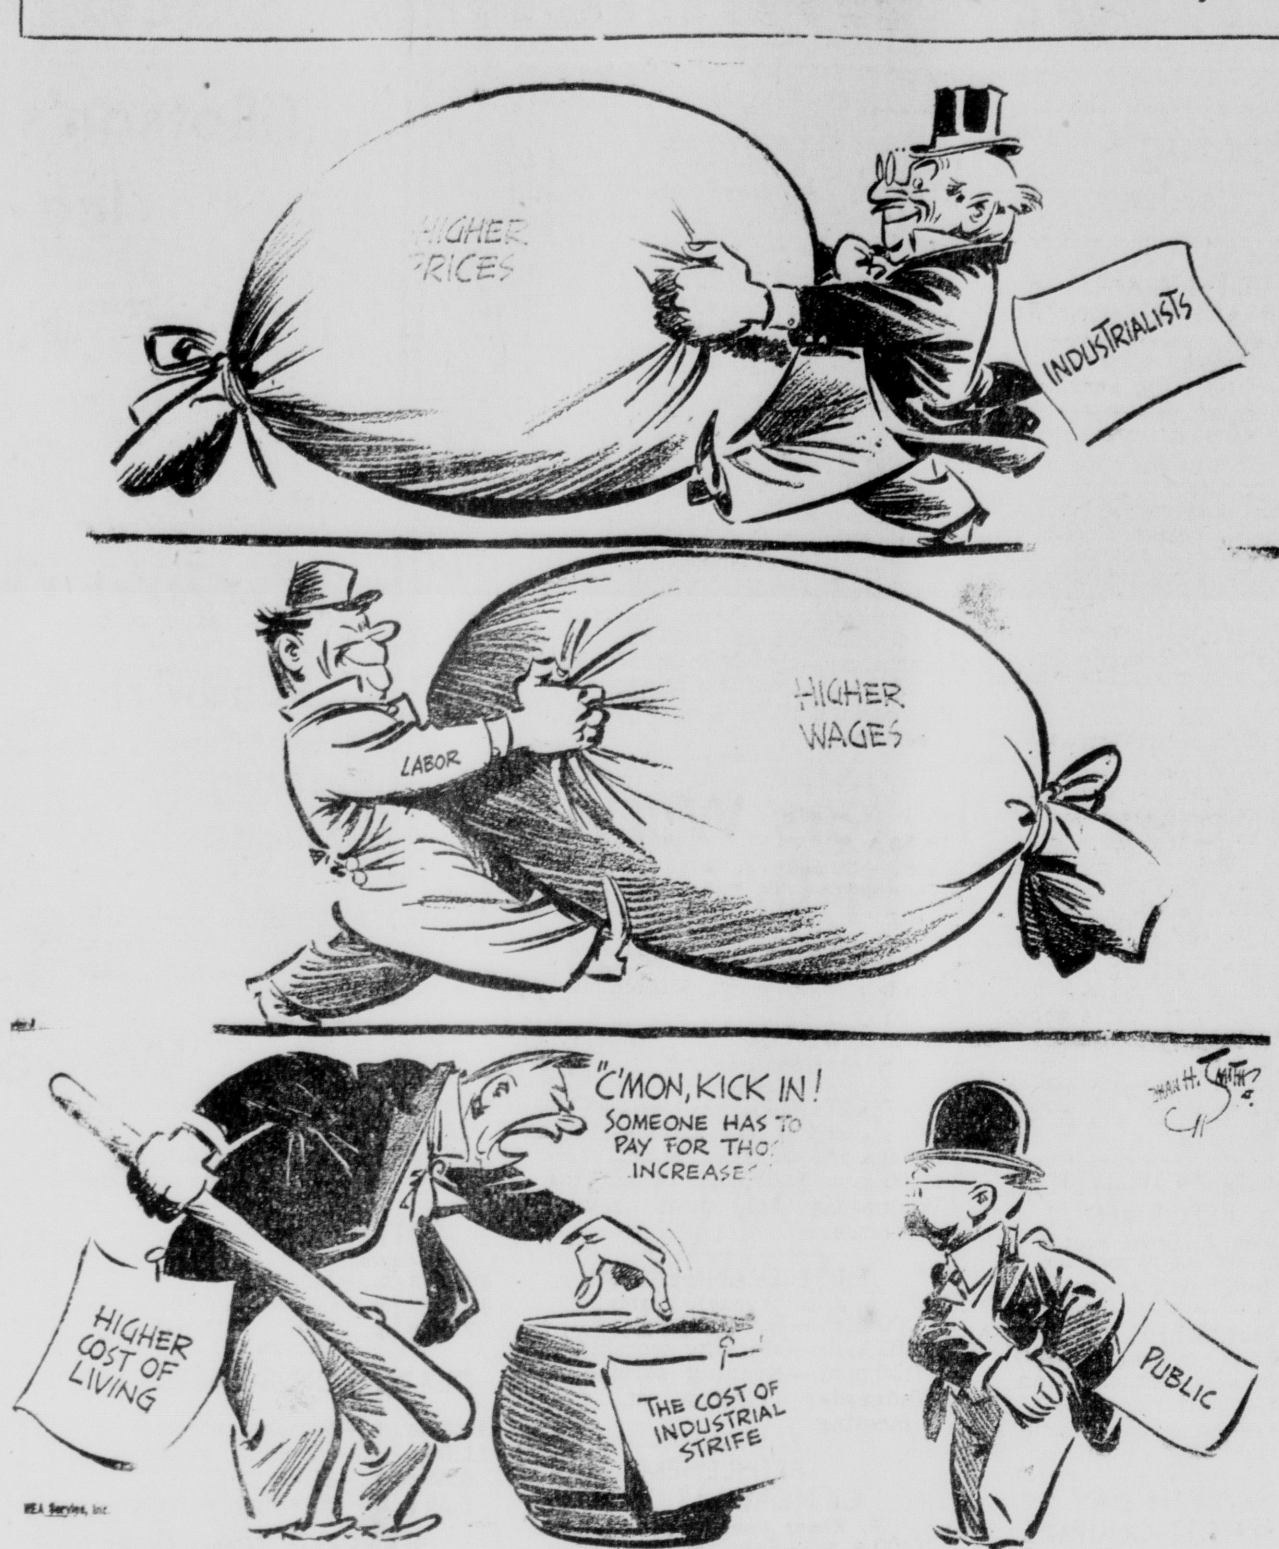

Regardless of what the groundhog may predict tomorrow most folks will wait until March 17th before putting away the snow shovel.

Considering the outcome of the Hospital fund drive residents of this community have an extra special incentive to go to church Sunday.

For some kids who sow wild oats father is the thrashing machine.

Maybe we could get India to buy some of our Liberty ships. They worship white elephants.

### MACKENZIE'S Column

Spain is another of three columns on Generalissimo Francisco Franco by DeWitt MacKenzie, to whom the chief of the Spanish state has just given an interview.

By DeWitt MacKENZIE  
AP World Traveler

Madrid—Generalissimo Franco is quick to combat any suggestion that his government is backward in political reform, as I found during my interview with him in the palace where he resides at El Pardo, near Madrid.

Of course the term "backward" is relative. Progress which would seem slow in one country might be regarded as good going in another. Apropos of this matter of speed, I had asked Franco if he was headed for absolute democracy, that is, rule by the people, and he had replied:

"Yes. But we must proceed slowly—step by step—until the people are properly prepared."

I introduced the question by saying the impression abroad, right or wrong, is that very little has been done towards political reform in Spain—a purposely blunt approach to the subject. I suggested that it would be very useful if the Generalissimo could clear up this matter.

"With much pleasure," he responded, "although it is very difficult for people to be able to interpret the facts about others

without knowing the situation and events which went before. The United States is a young and new country in political life. Spain has lived a great deal of political life and lived it very rapidly.

"It was almost a century and a half ago that it (Spain) began to adopt democratic forms and it has passed through all the stages: the tranquil stages with two great parties, the following stages when it became impossible to govern because of the breaking up of those two parties into fifteen or twenty, the eruption into politics of the working masses and their obedience to foreign commands for the unleashing of social revolution.

"I am sure that the day on which the United States has passed through these or similar phases, its public opinion will understand perfectly the problems of Spain.

"Since our war of liberation (the civil war of 1936-39) ended, the progress and perfection of Spanish politics have been constant. For three years the Spanish cortes (parliament) has been functioning without interruption. In it the syndicates, the municipal governments and the corporations have their elective representation, and during this time there have been discussed and drawn up—with important changes in the original bills—a great number of important laws. Some of them, which meet with many difficulties,

## YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

1926

From the sports page: "Will Warren wake up to the fact that nearby towns are taking away all the athletic prestige it ever had? The article was written in connection with a new stadium at Ocean.

Fire starting from an overheated stove in the packing department of the Sheffield Glass Bottle Company caused an estimated damage of \$450,000. The plant will be rebuilt immediately, however.

All trains coming to Warren from the east were blocked by a wreck at Ludlow. Seven cars went off the track, and two of them were badly smashed.

The electrical wiring contract for the new Warren Street Railway Depot has been let to the H. Rosen Company. The new building is rapidly nearing completion.

1936

Warren county relief officials report an increase in the number of cases being handled by the local office. Through January 18, there were 285 cases, and the number is growing.

John G. Rossman, superintendent of the borough schools, addressed members of the Warren County chapter, American Institute of Banking, on the subject, "The Use of Leisure."

Charles Mezzio and L. G. Helm, salesman and district manager, respectively, of the Maytag Company for many years, have announced the opening of the Good Housekeeping Store at 802 Pennsylvania avenue, east.

John Phelps, of Sugar Grove, was one of the motor truck dealers representing the International Harvester Company in Chautauqua and Warren counties at a Jamestown sales meeting.

## Hollywood Finds New Betty Hutton a Changed Woman

By BOB THOMAS

Hollywood, Feb. 1.—(P)—Betty Hutton is back on the Paramount lot after an absence of several months, and everyone is talking about the "new" Betty.

Few people know that her absence was caused by overwork. She came close to literally knocking herself out.

Now she's back and rarin' to go, in a new, restrained sort of way. She doesn't plan to return to the frenetic Hutton of old. She hopes to temper down her career to the point where she will be a dramatic actress.

"I guess I'm just selfish," she said. "I know I can be funny just so long. And I want to be a star for quite a while."

Betty Hutton is that she has stopped trying to carry the producer's burden. "Now," she said, "I only worry about my own health. I used to worry about the electricians, prop men and every little detail. The net result was that I was a nervous wreck."

I was able to talk to her between phone calls to her husband, Ted Briskin. She is really nuts about the guy. Married life, she says, is for her.

For example, she proudly announces she's a wonderful cook: "You can really eat my pies." As for family plans: "I hope to have one as soon as possible, but I guess it takes a little time."

Bing Crosby is expected in town this week and his controversy with his radio sponsor may be settled soon. He has other matters to settle, too. Lt. Robert Stack, who was developing into a fine actor before he entered the navy,

Chaplain To Be  
Speaker Sunday

Captain Masman is home on terminal leave and will be in this vicinity until February 23. The following article concerning him recently appeared in the Christian Education Magazine and other periodicals:

"A graduate of the Boston University of Theology (Boston, Mass.) has constructed a church amid surroundings formerly used by SS troops, according to a report reaching Boston University from the Ninth Air Defense Command Unit, Furth, Germany. 'Captain' Henry J. Masman, now the chaplain of the 231st AAA Searchlight Battalion, directed a crew of German carpenters and electricians in creating a little church in the wing of the former garrison of the SS troops. The fittings for the church he found in the debris left by bombing. The cross for the altar of the church he found in a pile of debris from a bombed-out German house, and a large piece of red velvet which he brought from France forms the backdrop behind the altar."

"Chaplain Masman holds regular services in this simple church and travels around throughout the platoons and batteries of the battalion conducting Protestant services and giving assistance to the 800 men."

The people in the vicinity of Russell and Akeley are cordially invited to attend either of these services: Akeley, 9:45 a. m., and Russell 11:00 a. m.

### What Endocrine can do to bless you with a younger looking face

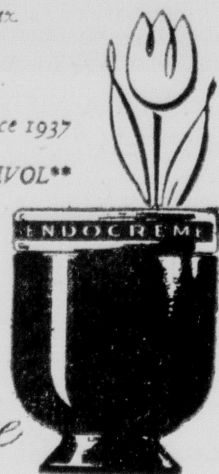

Think of the added beauty a more youthful face and throat can give! Then harken to this: Scientific research has proved that ENDOCREME can, for most women, contribute to this desirable result in a way formerly thought impossible. Many thousands are now finding that ENDOCREME actually helps to improve the skin itself, not just its transient, superficial "look." This is because ENDOCREME, alone, possesses ACTIVOL®. This ACTIVOL® is a scientific replacement for woman's own natural skin-vitalizing substance. Absorbed by the skin, it helps to restore the normal growth of cells and tissues. It thus aids the skin to become fresher, smoother, more alluringly "alive." What bigger value can any woman young or old ask for her cosmetic dollars? The great majority get big improvement in only 30 days.

Try ENDOCREME Hand Lotion, \$1.25 plus tax.

GOOD PLAY OFFSETS  
PARTNER'S WEAKNESS

By WILLIAM E. MCKENNEY  
America's Card Authority

Many players say they are poor card holders, but there is an old story about an English duke who would give a thousand to one that any hand you picked up would have a card higher than a nine-spot. He would have lost on West's holding today, which is what we call a genuine Yarborough.

South made a nice pre-emptive bid of three hearts, hoping to shut everyone out of the bidding. North could not be blamed for taking his partner to four hearts, although actually four-odd could not be made if West opened a diamond. When the five-diamond bid was not doubled and South went to five hearts, East felt that he might find a fit with his partner's holding and went to six clubs. He correctly passed the double of six clubs, leaving the choice to West. Little did West think that his partner not only would make the

contract, but score an overtrick. When the king of hearts was opened, East trumped with the deuce of clubs, cashed the ace and

## Dairy Herds Bigger and Better

## in County Than Back in 1937

Dairy herds are bigger and better in Warren county than back in 1937; average milk production is up and on many farms the whole dairy setup, including building, equipment, pastures and the forage program, freshens a new interest in the dairy industry.

Admittedly some of that is due to increased prices for milk and other dairy products. Some of it, points out County Agent O. C. Tritt, properly can be attributed to 4-H Dairy Club work which had its start in the county in the summer of 1937 when the original Warren County 4-H Dairy Club organized.

The farm boys and girls comprised that first club, nine of whom started with Holsteins, one with a Jersey. All of the calves were heifers, and of these ten animals, five are still with their owners and are still in production. In 1938 the club grew to twelve members. They exhibited their animals at the Sugar Grove Community Fair, their first roundup. Seven of the original nine Holstein heifers were brought into the county from other herds. Two came from Venango county, five from New York state. All of these were purebreds.

Later on two community clubs, Columbus and Hill Billy, took up the 4-H Dairy Club work. These two now have 15 members, nine of them in the Columbus Club, six in the Hill Billy group. Animals in the Columbus group are four Jerseys, three Holsteins, and two Guernseys. In the Hill Billy roster at Lottsville are five Holsteins and one Guernsey. The three Columbus Holsteins and four Hill Billy Holsteins came from five Canada, where they were purchased for club members from purebred stock.

Tenure of club membership, Mr. Tritt estimates, has averaged about five years. Club work, with calves as with other 4-H projects, has been conducted by the extension service through the county agent with the assistance of local leaders and the cooperation of parents. Club attendance has always been good at club meetings, reflecting parental interest. Working with County Agent Tritt in instructing club members have been extension specialists of the Pennsylvania State College, including W. S. Jeffries, assistant state club leader, and J. C. Naggett, dairy specialist.

Several members of the original Warren 4-H Dairy Club while no longer in 4-H work, have continued their interest in club work under the extension association. One of them, Richard Sanders, of Sugar Grove, only recently was elected president of the county Senior Extension Club. One, David Curtis, Columbus, was chairman of the organizing committee for that club, and still another, Seymour Upton, Garland, is among the members.

Thirty-eight boys and girls have been enrolled in these club clubs at one time or another, County Agent Tritt reports. Most of them are still actively interested in farm work. One is a nurse. Three entered military service, one of whom since has returned to his farm home in the county. Some of the boys are now operating their fathers' farms, or have entered into a partnership farm operation with their fathers.

Of all the calves reared by these club members only two have been sold for low production. Most of the animals are members of herds in the county, while a number of the male offspring have been placed in service as breeding stock. Club work, extension workers have observed, has been the means for stimulating parents in the herd improvement. More purebred animals have been purchased.
